Celebrity Solstice® Sets The Standards

If you love the design and innovations that distinguish our renowned Celebrity Solstice Class, you're going to love what we're doing with the rest of our award-winning fleet. **Our ambitious, multimillion-dollar program, designed to "Solsticize" Celebrity's Millennium® Class, has already begun.** While maintaining the charm of the lauded Millennium Class, Celebrity Constellation® has received a stunning makeover that extends some of your favorite Solstice Class attributes onto the ship. You'll now find our popular dining venues there, like **Tuscan Grille** and **Bistro on Five**, and your favorite bars, too, including the "icy" **Martini Bar & Crush** and **Cellar Masters**. You'll also find many of the design treatments that make our newest ships the world's best, with enhancements throughout the public and private spaces taking their cues from Celebrity's Solstice Class. **Look for this exciting transformation to take place on Celebrity Millennium, Celebrity Infinity®, and Celebrity Summit® in 2011 and 2012.**

With **Celebrity EclipseSM** now sailing in Europe—and later this year in the Caribbean—and **Celebrity SilhouetteSM** under construction, we'll soon have four stunning Solstice Class ships plying the seas. And that means **more opportunities for you to enjoy all they have to offer.** Whether your vacation plans take you to the culturally rich shores of Europe or the carefree beaches of the Caribbean, **starting in November of 2011, you'll have four Solstice Class ships to choose from,** through the new itineraries we've designed for 2011 and 2012. The pleasures of Celebrity's Solstice Class have never been easier to find.

But a Celebrity cruise is about far more than where we sail; it's also about what you can experience onboard. In this issue, we'll profile **Celebrity LifeSM**, our onboard program designed to turn each sailing into an enriching, entertaining journey. We invite you to learn more about the program, including the **"Celebrity iLearn"** courses offered in our hip, new **Celebrity iLoungeSM**, offered exclusively on **Celebrity Eclipse, Celebrity Solstice, Celebrity Summit** and, next year, **Celebrity Silhouette.**

And finally, we wanted you to know that we'll continue to celebrate our **20th Anniversary** throughout the year by holding **a 20th-anniversary party on every sailing, complete with a complimentary celebratory cocktail and a commemorative pin for every guest.** We sincerely hope you're one of them.

The future at Celebrity has never looked brighter. We look forward to making your next sailing, and the next 20 years, something worth celebrating.

Sincerely,

Set your sights on a breathtaking
new Celebrity Constellation®.
“Solsticized”
from stem to stern.

Just as our award-winning Celebrity Solstice® Class ships have created a new benchmark in cruise ship design, we are now infusing that very essence into our most cherished class of ships — the Celebrity Millennium® Class — beginning with the “Solsticized” design revitalization of Celebrity Constellation, then subsequently across the entire Millennium fleet.

Following an ambitious 15-day drydock and revitalization period, Celebrity Constellation now boasts some of the most popular venues found on our widely heralded Solstice Class ships. From the minute you enter the updated, magnificent Grand Foyer, or you savor an exquisite steak in the sophisticated Tuscan Grille, or sip your favorite vodka at the ultra-cool, ice-topped Martini Bar — you'll feel the transformation.

Sumptuous new suites and staterooms offer stunning décor and flat-screen TVs. The state-of-the-art Enomatic wine bar allows you to select and serve — at the touch of a button — your wine of choice by the glass. Sweet tooth? The stylish Café al Bacio & Gelateria will delight you with their delicious treats.

"Our newly Solsticized Celebrity Constellation is a significant outgrowth of our 'Designed for youSM' brand platform, built around our longtime commitment to identifying and designing what our guests want," said Celebrity's President & CEO Dan Hanrahan. "By adding Solstice Class features that we know our guests love to our already award-winning Millennium Class ships — with the impeccable service our spectacular crew delivers across the entire fleet — we're confident we have a winning combination, expressly designed for discerning cruisers."

Celebrity Constellation is the first of the line's four Millennium-class ships to be "Solsticized." Celebrity Infinity® and Celebrity Summit® will be similarly refurbished in 2011, followed by Celebrity Millennium in 2012. The revitalization, when combined with our Celebrity LifeSM onboard experiences, more robust Captain's Club loyalty program, and other brand enhancements — represents a nearly \$200-million investment. Celebrity's Caribbean.

More variety. More style. More pampering in paradise.

When Celebrity does the Caribbean, the amount of pampering and gorgeous scenery is simply overflowing. This year is no exception. We'll take you to the islands of world-class snorkeling and crystal clear waters, lush island vegetation and ancient Mayan ruins. And we'll take you there in more style than ever before. For 2011 and 2012, our cruises to the Caribbean include all four of our award-winning Celebrity Solstice® Class ships. And for the first time, we're bringing our best and newest — Celebrity SilhouetteSM to Cape Liberty, New Jersey.

Eight stunning ships, five ports of departure and 4 to 14 night itineraries.

Nobody does the Caribbean like Celebrity. Celebrity Cruises®. Designed for youSM.

Too much of a good thing? Not when it comes to the Caribbean.

What could be better than a week sailing the azure waters of the Caribbean onboard one of the ships in our award-winning fleet? How about more than a week? That's why among our **50 plus Caribbean itineraries** you'll find many extended sailings of 9 to 14 nights. That's more time to immerse yourself in the contemporary style and modern design of a Celebrity cruise. And more time to explore **over 30 exciting ports of call**. More hours spent sipping chilled drinks adorned with little blue umbrellas as you soak in the sun poolside. And more time to perfect the intricate moves of the Rhumba as part of our *Celebrity LifeSM Discover Series*.

If you're looking for extended days in the Caribbean, you'll have plenty of choices. *Celebrity EquinoxSM* and *Celebrity Millennium®* are both offering extended 10 and 11 night itineraries. *Celebrity Constellation®* will spend 14 nights sailing from island to island, while *Celebrity Mercury®* sets sail from Baltimore, Maryland with sailings of 11 to 14 nights.

Celebrity Solstice Class — Four for the Caribbean. One unforgettable vacation.

Starting in November 2011, all four Celebrity Solstice Class ships will sail these crystal clear waters. Now you'll have four different opportunities to experience the pinnacle of contemporary style onboard the world's most technically advanced, beautifully designed ships — including 7 night cruises on *Celebrity EclipseSM* and *Celebrity Solstice*. But the big news is that *Celebrity Silhouette*, once she joins our fleet in 2011, will spend the winter sailing 12 night itineraries from Port Liberty, New Jersey — bringing our stylish Solstice Class and the Caribbean closer to the Northeast than ever before.

When it comes to the Caribbean, five ports of departure are better than one.

How will you experience Celebrity's Caribbean? On a 14 night cruise on the newly refurbished "Solsticized" *Celebrity Constellation*? A Southern Caribbean cruise on *Celebrity Summit®*? Or a 10 to 12 night cruise on one of our newest Celebrity Solstice Class ships? Will you depart from Fort Lauderdale, Miami, San Juan, Baltimore or Cape Liberty? With Celebrity, the choice is yours.

JUST NORTH OF PARADISE.

New for 2011, *Celebrity Silhouette* will be sailing from Cape Liberty, New Jersey on 12-night Caribbean cruises all winter long. Now for the first time, cruisers throughout the Northeast will enjoy easy driving access to our newest class of ships. Visit CelebrityCruises.com for details.

New Beverage Packages

MORE CONVENIENCE. MORE CHOICES. MORE VALUE.

Our new, expanded onboard Beverage Program has been designed to make cruising easier and more worry free. Now you'll be able to choose from a wider array of packages, selecting the one that best fits your needs. Life at sea has never been easier, or more thirst quenching.

MORE CONVENIENCE

Our Beverage Package program offers convenience in two ways. First, it allows you to select and reserve the package of your choice online at CelebrityCruises.com/beveragepackages up to four days prior to your sail date, making it easier to plan your vacation. *You can also purchase packages at the Guest Relations Desk once you arrive onboard.* But the real convenience comes once you set sail. Imagine not having to worry about soda refills as you sit by the pool, or being able to create a customized wine package. Now you have one less thing to worry about, and lots more time to enjoy yourself.

MORE CHOICES

Discover an array of new options designed to quench any thirst. Or fit within any budget. Choose from among nearly a dozen possibilities, including Unlimited Fountain Sodas, Unlimited Premium Bottled Water, several different wine packages, and two different Stateroom Bar Set Up packages. There are packages offering specialty coffee and fruit juices and special wine selections created by our Sommeliers. There's even a package that allows you to order virtually everything — from bottled water and beer to cordials and most frozen drinks — without having to think twice about it. Whatever you like, there's a package designed to deliver it.

MORE VALUE

When it comes to making your vacation dollar travel as far as possible, a beverage package offers tremendous value. But what makes our new selection of packages such a unique value is that we're now offering so many, allowing you to pick the one that's best designed for you. Best of all, in addition to being able to choose packages that focus on specific beverages, we've now added an array of new, more expansive packages. Now you can order a wider range of beverages throughout the day — from a specialty coffee with breakfast to a cold beer at lunch to a late afternoon frozen drink to a glass of wine with dinner to a late-night cordial. And with prices starting at just \$5.75 per guest per day*, you're certain to find a package that's right for you.

By designing our new Beverage Package program around you, we're making every day with us better. To learn more about different packages or to place your pre-sail order, visit CelebrityCruises.com/beveragepackages.

**All package prices include a 15% service charge.*

Oceans Ahead

GOOD FOR THE ENVIRONMENT, GOOD FOR OUR GUESTS

Our cruises and cruisetours are designed to give you an unforgettable vacation experience. We've also designed the experience to ensure you're able to enjoy the places we visit time and time again. *Oceans Ahead* is a new program that highlights Celebrity Cruises' environmentally sustainable practices and what you can do to help. On each sailing you'll have the chance to attend lectures and watch onboard videos on a range of conservation topics, such as recycling, environmentally friendly navigation, energy generation, and our ships' carbon footprint, and go behind the scenes — through interactive presentations and digital content — to see what we're doing to ensure that Celebrity Cruises is part of the solution. And finally, you'll be able to take part in onboard activities that show you more about what you can do onboard, onshore, and at home long after your vacation has ended.

The Oceans Ahead program will initially launch as part of Celebrity EclipseSM, eventually having a presence throughout our fleet by the end of July. To learn more about this groundbreaking initiative, visit CelebrityCruises.com/oceansahead.

Elevating dining to performance art.

Everything about Qsine — our newest specialty restaurant on Celebrity EclipseSM and Celebrity SilhouetteSM — *is focused on putting the fun back into food*. The concept springs from the imagination of Executive Chef and Vice President of Culinary Operations Jacques Van Staden, who created a whimsical menu of palate pleasers that draw on his global approach to cuisine. The result is an unforgettable culinary journey designed to surprise and delight you.

Imaginative Décor...

Every aspect of Qsine represents a refreshing departure from the ordinary. Modern lamps hang from the ceiling, mismatched chairs — *modern/sleek high-back chairs mixed in with baroque-style low-back chairs* and the unique menu, served on custom-designed dishes, create the whimsical mood.

Innovative Service...

Even the attire worn by your Culinary Tour Guides springs from the imagination of Chef Van Staden. *These gracious hosts serve as an extension of the kitchen*, leading you on a culinary journey of new dishes and shared experiences.

Interactive Menus...

The menus come to life with graphics and descriptions, courtesy of Apple's new iPad®, making it *fun and easy* to place orders with your Culinary Tour Guide. Tap into the vast knowledge of your Sommelier, with a wine list of over 100 thoughtfully chosen wines, all organized into "flights".

...And An Unordinary Approach to Dining

What can you expect from Qsine? A continual procession of the unexpected. Here are just a few of the dishes that await you on this culinary journey.

1

M's Favorites offers a culinary tour for two of the Middle East, with a medley of olives, marinated eggplant and hummus, followed by grilled lamb, chicken and falafel, then finished with goat cheese "cigars."

2

The Lava Crab features Alaskan crab with sweet corn and scallions and finished with Old Bay lobster sauce for a taste of the Chesapeake Bay region, all topped with kataifi, or shredded phyllo dough.

3

Tresviche is a trio of innovative takes on the classic Spanish ceviche — one featuring shrimp, scallops, and tequila; another featuring salmon, vodka, basil, and yuzu citrus; and a third featuring sea bass, choclo, and exvoo. Served with a pail of fries.

If you're serious about food but like a playful approach to cuisine, you'll love Qsine. To learn more about this innovative new restaurant, visit CelebrityCruises.com/specialtydining. If you've already booked a sailing on Celebrity Eclipse or Celebrity Silhouette, make your reservations for Qsine as soon as possible to ensure you have a chance to try our newest culinary creation.

Qsine — It's time your palate got a wake-up-call.
