

CORPORATE MEETINGS AND INCENTIVES

*The ultimate off-site destination*

NO OTHER VENUE OFFERS BETTER VALUE, EASIER PLANNING OR A

**MORE INCREDIBLE EXPERIENCE.**

### **1 YOUR CFO WILL BE ECSTATIC.**

On a Royal Caribbean International® cruise, most meals and amenities are included. Compare that with the à la carte pricing of land-based hotels and resorts where the charges keep adding up. For the person in your company who's watching the bottom line, it's the best value anywhere. Period.

### **2 YOUR PLANNER WILL BE RELIEVED.**

Once your company books a cruise, the job of planning is just about over. Meals? Already taken care of. Activities and entertainment? Done. Production and décor? Covered. And our coordinators will work with you to further enhance your program.

### **3 YOUR EMPLOYEES WILL BE THRILLED.**

There's no trip that builds better employee morale than a Royal Caribbean International cruise. It provides a unique and stimulating environment where your colleagues can work together and play together. In addition to exhilarating activities, great dining, and spectacular sunsets, there's the added bonus of visiting exotic ports of call. (Which means much more interesting souvenirs on their desks when they get back to the office.)

# THE INDIVIDUAL INCENTIVE PROGRAM THAT NOT ONLY REWARDS GOOD WORK, BUT ALSO INSPIRES IT.

## ROYAL INCENTIVE REWARDS<sup>SM</sup>

Our **Individual Incentive Cruise Certificate Program** does wonders for company morale. In fact, of all the incentives a company can offer, none has a more positive, lasting effect than a Royal Caribbean International cruise. Not only will your employees delight in the time they spend on our ships, but they'll also return to the office in high spirits, re-energized and ready to do their best work.

- No minimum or maximum number of certificates required

- We handle the fulfillment, redemption and reservation process so you don't have to, making this turnkey program hassle free and easy to implement

# OUR SHIPS ARE WAITING NEARBY TO TAKE YOU FAR AWAY.

It's never a hassle to find a Royal Caribbean International Cruise. Our ships depart from home ports that are practically in your backyard. We sail to over 275 destinations in 80 countries, covering six continents. Whether you have a little time or a lot, we have a cruise that's perfect for you. Choose from a variety of 3 to 7 day cruises or select one of our longer voyages. For a complete list of itineraries, contact your Royal Caribbean Corporate Sales Manager.

Destinations shown on map are ports of departure only.

# THE LEADER IN SAILING THE SEAS IS COMMITTED TO PROTECTING THEM.

## OUR PLEDGE

We are all dependent on the health of the world's waters. But because Royal Caribbean International makes its living by navigating the oceans, we have a special responsibility. That's why we created our "Save The Waves" program. It establishes a set of principles that guides the actions of the people in our company, from the executives in the boardroom to each member of every crew in our fleet.

### SAVE THE WAVES

**PRINCIPLE #1 Reduce, reuse, recycle** Reduce the generation of waste material, reuse and recycle wherever possible, and properly dispose of remaining wastes.

**PRINCIPLE #2 Nothing may be thrown overboard. Nothing.** Both our crew and our guests are instructed in the importance of pollution prevention.

**PRINCIPLE #3 (ABC) Above and beyond compliance.** Through a combination of strict company practices and innovative technologies, we are able to go above and beyond current required regulations.

**PRINCIPLE #4 Continuous improvement.** We never stop trying to reduce our environmental impact. Today, the typical "water footprint" for a person living in America is 80 to 100 gallons a day. But on Royal Caribbean International ships we have been able to cut that almost in half.

### THE OCEAN FUND

In 1996, we established the Ocean Fund. It has awarded over 10 million dollars in grants to more than 60 conservation organizations that support marine conservation projects relating to ocean science, climate change, species protection and the creation of new technologies.

Go to [www.royalcaribbean.com/stewardshipreport](http://www.royalcaribbean.com/stewardshipreport) to learn more about our efforts to protect the environment.
