ChoiceAir® Specials - FAQs

What is a ChoiceAir Special?

A ChoiceAir Special is a promotional discount offered to guests that purchase ChoiceAir for selected ships, sailing dates, categories and gateways.

How do I book a cruise reservation with the ChoiceAir Special?

Guests and/or Travel Partners must book ChoiceAir for one of the valid gateways. Once ChoiceAir has been booked, the cruise credit will automatically be applied in the cruise booking reservation.

What are the restrictions on the ChoiceAir price program?

ChoiceAir Cruise Credits are not transferable to another ship, sail date, or guest. The guest owns the airline ticket which is subject to the airlines conditions of purchase. The ChoiceAir Special is valid as long as the guest remains on that ship, sail date with ChoiceAir

Is a ChoiceAir special available for both individuals and groups?

Yes. The price program is available for individuals, as well as individuals within a group. Each member of a booking within a group can depart from different valid ChoiceAir Special gateways.

Where can I find a comprehensive list of ChoiceAir Specials?

The One Stop report will always be updated to highlight available ChoiceAir Specials. Travel Partners will find the list on cruisingpower.com, Under the My Work Tools tab, Selling Tools. You can also access off the ChoiceAir Start/Landing Page. Direct Guests, ask your Travel Agency Partner about ChoiceAir Specials.

What happens if the guest has to change their sailing date and they are booked on a ChoiceAir special?

As it would happen today, we would assist the guest in rebooking their flights less applicable fees or penalties. If the new sailing date has ChoiceAir Specials, they may take advantage of the new price program. However, if the new sailing does not have ChoiceAir specials, the dollars off from the original reservation is not transferable.

Does the air portion of the booking have to be made at the time the cruise booking is made to have the ChoiceAir Special price program protected?

The price program is selected at the time of booking, therefore it will be held on the booking; however, the invoice will not reflect the correct totals for the guest until the appropriate air gateway is booked through ChoiceAir.
